

JUNE 2019 | DR. KEVIN BOYS, PRESIDENT

of \$22,000 to enter into a consultant contract with the Armistead group. Dr. Armistead has worked with community colleges throughout the nation to assist them in strengthening their foundations to support college programming and student success. The Board also authorized its executive committee to explore and partially fund a position to staff the foundation once again.

Recommended Change to the Policy and Information Manual

You will see on the agenda a recommended change to the Policy and Information Manual. As a matter of practicality, I am recommending that the Independence Day holiday be extended an extra day (to in

Edward K. Daniels Auditorium, Central Campus

In the making for nearly 18 months, the partnership with Shawnee State University to host a two-year Occupational Therapy A ssisting program at Southern State's Hillsboro Campus is nearing reality. After months of accreditation and certification hoops, it appears as though the program will launch in fall 2019. Shawnee will deliver the technical instruction and Southern State will host the general education coursework.

This in-demand career field is projected to have 177 annual openings and a familysustaining entry wage of \$46,710 according to the Ohio Department of Job and Family Services. Additionally, this is a pathway degree that leads to an even higher demand for

AND ENROLLMENT MANAGEMENT

Student Success Center

EAB-Navigate: Focus during summer term is equipping staff and faculty with knowledge and use of the "tools" available through EAB's Navigate system. Advising staff have discovered many helpful benefits for assisting our students through this product. Efforts to train the next level of support staff and advising faculty will commence shortly before the rush of fall term activity begins.

SSCC Connect: As part of the college wide effort to stay connected with our current students, Advisors are reaching out to their students who have not yet registered for fall term. The Academic/Career Advisors on each campus have been assigned to specific programs or student populations in order to develop relationships and maintain consistency in the academic pathway identified for each student.
